

Medical chemical Corp.
19430 Van Ness Ave.
Torrance, CA 90501

Customer Service: Phone (310)787-6800
FAX (310)787-4464

CHEMTREC Emergency Response Telephone Number: (800)424-9300

Note: The CHEMTREC phone number is only for emergencies involving spills, leaks, fire, exposure or accident. Please direct all other inquiries to our customer service phone number.

Section 1 - Product Identification

A solution of enzymes, isopropanol and surfactants in water.

Section II - Composition/Information on Components

| Ingredients | CAS# | OSHA Pel | ACGIH TLV | Other Limits | % |
|-------------|-----------|---------------|------------------------|--------------|---------|
| isopropanol | 67-63-0 | 400 ppm (TWA) | 400 ppm (TWA) | | 10% v/v |
| Subtilisin | 9014-01-1 | ----- | 0.06 ug/m ³ | | < 1% |

Section III - Hazards Identification

Overview: May be harmful if swallowed. May be irritating to skin eyes and respiratory tract.

Safety Ratings

Health: Slight Flammability: Flammable Reactivity: None Contact: Slight

Recommended safety equipment: safety goggles, lab coat and proper gloves

Storage: General storage

NFPA Ratings

Health = 1 Flammability = 2 Reactivity = 0

Potential Health Effects

The toxicology of this compound have not been completely examined. It is presumed that the toxicity of this item is similar to other surfactants.

Inhalation: May be irritating

Ingestion: While the toxicity of this compound is low, large doses may cause nausea, vomiting, diarrhea, etc.

Skin contact: Not normally a problem

Eye contact: May be irritating

Chronic Exposure: Unknown

Aggravation of preexisting conditions: Unknown

Section IV - First Aid Measures

Inhalation: Remove from source of exposure and get medical attention for any breathing difficulty.

Ingestion: If the victim is conscious, induce vomiting. Never give anything by mouth to an unconscious person.

Skin Contact: Not normally an issue. In case of irritation, Wash affected area with soap and water. Get medical advice if irritation continues.

Eye Contact: Rinse thoroughly with running water. Get medical advice if irritation develops.

Section V - Fire Fighting Measures

Flash point: 15°C (102°F) TCC

Flammable Limits (Isopropanol): LEL 2% UEL 13%

Fire: Not normally a fire Hazard,

Explosion: Not Normally an explosion hazards.

Fire Extinguishing Media: Alcohol type foam, carbon dioxide or dry chemical. Water is ineffective against alcohol fires but may be used to cool adjacent containers.

Special information: Pyrolysis will release toxic oxides such as carbon monoxide.

Section VI - Accidental Release Measures

Absorb with a suitable absorbent (such as paper towels) and store in a suitable container for disposal. Waste disposal is usually not restricted but local ordinances vary. Insure compliance with all government regulations.

Section VII - Handling and Storage

Store in a closed container, protected from freezing.

Section VIII - Exposure Control/Personal Protection

Airborne Exposure Limits: See section II

Ventilation System: Usually not required. When required, Refer to the ACGIH document, "Industrial Ventilation, a Manual of Recommended Practices" for details about ventilation.

Personal Respirator: Usually not required. In case of emergency, or when exposure levels are unknown, use a positive pressure, full face piece, air supplied respirator.

Skin protection: Protective gloves are not required but recommended as part of good laboratory practice.

Eye Protection: Laboratory safety goggles or similar products are not required but recommended as part of good laboratory practice.

Section IX - Physical and Chemical Properties

Boiling Point: 96°C

Vapor pressure (mm Hg): 20 @ 20°C

Vapor Density (air = 1): 0.6

Appearance and Odor: A clear green liquid with a citrus odor.

Density: 0.985 g/ml

Evaporation Rate (water = 1): 1

Solubility: Infinitely miscible with water

Section X - Stability and Reactivity

Stability: Freezes at low temperature.

Hazardous Decomposition Products: Nothing unusual.

Hazardous polymerization: Will not occur.

Incompatibilities: Nothing unusual.

Conditions to avoid: Excessive cold/heat and light.

Section XI - Toxicological Information

None relating to normal exposure.

Cancer lists

| <i>Ingredient</i> | <i>Known Carcinogenicity?</i> | <i>NTP?</i> | <i>Anticipated?</i> | <i>IARC Category</i> |
|-------------------|-------------------------------|-------------|---------------------|----------------------|
| isopropanol | no | | no | 3 |

Section XII - Ecological Information

Environmental Fate: Biodegradable
Environmental Toxicity: None

Section XIII - Disposal

Not normally restricted but local governments may regulate the amount of isopropanol that may be flushed down drain.
Insure compliance with all government regulation

Section XIV - Transportation information

Not Regulated

Section XV - Regulatory Information**Chemical Inventory Status**

| Ingredient | TSCA | EC |
|-------------|------|-----|
| Isopropanol | Yes | Yes |

Federal, State and International Regulations

| Ingredient | SARA 302 | | SARA 313 | | RCRA | TSCA |
|-------------|----------|-----|----------|----------|--------|------|
| | RQ | TPQ | List | Category | 261.33 | 8(D) |
| isopropanol | No | No | Yes | No | No | No |

Chemical Weapons Convention: No TSCA 12(b): No CDTA: Yes

SARA 311/312: Acute: No Chronic: No Fire: Yes

Section XVI - Other Information

This information is believed to be correct but is not waranteed as such, nor does it purport to be all inclusive.

Revision Date: Feb. 22, 2006
